Seguendo il trend del recupero e revisione funzionale dei materiali nel solco della conservazione ambientale, **Xclusive Ceramica** presenta la sua interpretazione del concetto “less is more”, introducendo nella sua gamma una nuova collezione, vivace e moderna.

I suoi colori con riflessi scintillanti si ispirano a metalli e leghe sapientemente lavorati utilizzando antiche tecniche tramandate da generazioni e tuttora impiegate, talvolta con l'aiuto della **moderna tecnologia**, in numerose applicazioni dal campo delle costruzioni a quello dell'ingegneria navale, a quello dell'orologeria di alta gamma.

Ossido di zinco Bianco, Grigio alluminio, Blu acciaio temperato, Ruggine Corten e Nero metallo brunito renderanno il vostro progetto unico e moderno con l'aiuto di svariati formati rettificati e modulari.

*Following the trend of functional revision and recovery in the footsteps of environmental conservation, **Xclusive Ceramica** is presenting its interpretation of the concept “less is more”, bringing a new vibrant yet modern collection into its range*

*With its shimmering reflexes and colors, taking inspiration from metals and alloys, skillfully finished using antique techniques passed down from generation to generation and still employed, sometimes improved by **modern technology**, in many applications from construction, to shipbuilding, to high-end watch-making.*

***White zinc oxide, Silver polished aluminum, Blue tempered steel, Rusty Corten and Black burnished metal** are going to make your project look unique and modern with the aid of a wide range of rectified and modular sizes.*
